#### **Technical data** - galvanised steel

- rust protection
- adapted for conduits with a diameter of 25mm
- special plate adapted for trunking installation (25 or 38 mm height)
- supply unit made of polyamide according to EN 50085-2-2

#### Application

- adapted to install devices
- 3 compartments
- mounting in screed
- height adjustable by lid and frame, 80 110 mm

#### Service outlet box

- dimensions: 269 x 269 mm

#### Description

Plates

Modules

Description

blank module in white plastic, dim. 22.5 x 45 mm

13A BS module, dim. 45 x 45 mm

service outlet box, outlet and lid

#### Plates

Function as an outlet box for install power and data

#### Lid

- for dry rooms with dry cleaned floors
- carpet or tile flooring height of 8 mm

The service pole and post "RS design" offers a fast and convenient solution to supply a workstation with energy and data. The prewired and preassembled service pole system allows to realise fast installation without tools.

#### **Delivered with**

- collar,

- quick fix system,
- earthing kit,
- flexible ceiling connection for mobile pole, base to be ordered separately,
- outlet box with 45mm accessories pre-mounted and wired.
- cables of 6,5m length for poles and 3,5m for posts, minimum 3m cables out of the product.

#### Characteristics

- The range of poles is composed of 3 lengths of profile:
- from 2700 to 3000mm
- from 3000 to 3300mm
- from 3300 to 3600mm

#### **Technical data**

- material: profile and lid in aluminium and outlet box in ABS
- colour: black RAL 9011
- 2 mounting sides

Complies with EN50085-1

#### Empty fixed poles

- to be equipped

LFF79H

Cat. ref.

NRF0003D00 NRF0004D00

- anodised aluminium profile fitted with 2 mounting frames
- empty or equipped in different configurations
- separation low and very low voltage
- quick fit connections Winsta technique from Wago.
- quick and protected connection with prepared supply cables

- special equipment possible on request

#### Material

Anodised aluminium profile, PVC covers and mounting frames

NRF0008A00

#### Empty blocks

#### Hole saw

Description	Cat. ref.
diam. 102 mm	G7059

G7059

- Flexible round trunking to bring power / data cables from the floor to the post and the multi outlet modules
- The rigidity of the trunking ensures good protection of the cables
- Easy to open / close with the clip system
- Supply of power and data cables
- Very flexible in all directions taking in consideration cable bending angle
- Extension just by adding one link

#### Flexible round trunking

- trunking with 2 compartments to supply power / data cables.
- bending radius 250 mm

- connecting to multi outlet modules - delivery: mounting box, 4 self tapping screws and 2 cables tighteners

double sided

Fixing system space.

Pressure fitting and mobile poles

T		cable capacity	cable type			
der la			area 1	area 2	area 3	area 4
	simple and double sided pressure fitting and	power current (ø 10 - 11 mm)	3	3	3	3
Mar S	mobile	vlv data current (ø 7 mm)	7	7	7	7

Example: installation in pole DA 200-80

Single sided pole DA 200-80: Min. 6 x diam. 12 mm (power) Min. 4 x diam. 8 mm (data)

Double sided pole DA 200-80: Min. 12 x diam. 12 mm (power) Min. 8 x diam. 8 mm (data)

#### Selection chart for pressure fixing poles DA 200 profile length

This chart will assist you in selecting the right pole depending on available height and way of installation.

#### DA 200-45

reference	profile length	suspended ceiling	concrete ceiling
DAS452700xxxx DAS2452700xxxx	2,657 mm	up to max, 2,650 mm	2,700 - 3,000 mm
DAS453000xxxx DAS2453000xxxx	2,957 mm	up to max, 2,950 mm	3,000 - 3,300 mm
DAS453300xxxx DAS2453300xxxx	3,257 mm	up to max, 3,250 mm	3,300 - 3,600 mm

#### DA 200-80

reference	profile length	suspended ceiling	concrete ceiling
DAS802500xxxx DAS2802500xxxx	2,457 mm	up to max, 2,450 mm	2,500 - 2,800 mm
DAS802800xxxx DAS2802800xxxx	2,757 mm	up to max, 2,750 mm	2,800 - 3,100 mm
DAS803100xxxx DAS2803100xxxx	3,057 mm	up to max, 3,050 mm	3,100 - 3,400 mm
DAS803400xxxx DAS2803400xxxx	3,357 mm	up to max, 3,350 mm	3,400 - 3,700 mm

xxxx (colour): ELN (anodised alu) or 9010 (white)

**For example:** when the concrete ceiling is at a height of 2800 mm the pole DAS4527000 can be used provided the suspended ceiling is at a max height of 2,650 mm.

For other lengths not indicated in the above chart, please consult us.
